

The table below shows the competencies that Workspace Training is able to deliver from the nationally recognised qualification: *Certificate III in Timber Manufactured Products*, from the *Forest Industries Training Package* (FPI05).

For students completing this qualification, other competencies may be available to them if they provide sufficient evidence to satisfy the 'recognised prior learning' requirements specified in the Training Package guidelines.

For more details on the full list of competencies available under this qualification and the packaging rules applying to it, please consult the *Forest Industries Training Package* on www.ntis.gov.au.

- Qualification Requirements
- A total of 13 units of competency must be completed:
- complete the 6 compulsory units in Group A below
 - select an additional 3 units from Group B below
 - select an additional 2 units from Groups B and/or C below
 - select an additional 2 units from Groups B, C and/or D below.

Field	Unit Code	Unit Name
GROUP A (Core Units)		
Core	BSBFLM312A	Contribute to team effectiveness
	FPICOR2201A	Work effectively in the forest and forest products industry
	FPICOR2202A	Communicate and interact effectively in the workplace
	FPICOR3201A	Implement safety, health and environment pol. and proc.
	FPICOR3202A	Conduct quality and product care procedures
	FPICOR3204A	Visually assess material
GROUP B (Sector Elective Units)		
Timber Grading & Testing	FPICOT3208A	Test strength of joints
	FPICOT3240A	Grade heavy structural/engineered products
Trusses & Frames	FPICOT3204A	Prepare and interpret sketches and drawings
	FPICOT3214A	Take off material quantities
	FPICOT3218A	Quote and interpret from manufactured timber product plans
	FPICOT3219A	Produce stand. truss or frame plans and details using comp.
	FPICOT3220A	Quote and interpret from comp. timber man. product plans
	FPICOT3239A	Create drawings using computer aided design systems
	FPICOT3241A	Assemble timber wall frames
	FPICOT3242A	Lay up timber roof trusses

	FPICOT3243A	Operate a truss press
Timber Products	FPICOT3205A FPICOT3206A FPICOT3230A FPICOT3234A FPICOT3235A FPITMM3201A FPITMM3202A	Dress boards using multi-headed machines Cut material using high speed optimiser Operate automated stacking equipment Cut material using CNC sizing machines Machine material using CNC machining and proc. centres Convert timber Manufacture using joinery machines
GROUP C (Common Elective Units)		
Machinery & Equipment	TDTC497C TDTC597C	Drive heavy rigid vehicle Drive heavy combination vehicle
Warehousing & Distribution	FPICOT3236A TDTA1897B	Coordinate stock control procedures Organise despatch operations
Load Handling	TDTC797B TDTD1197B TDTD1297B TDTD1497B TDTD4301A	Operate vehicle carrying special loads Conduct specialised forklifting operations Operate specialised load shifting equipment Load and unload vehicles carrying special loads Shift loads using gantry equipment
Administration & Business	BSBCMN305A BSBCMN306A BSBCMN307A FPITMM3203A WRRS1B	Organise workplace information Produce business documents Maintain business resources Estimate and cost job Sell products and services
Communication & Relationships	BSBFLM303B	Contribute to effective workplace relationships
Competitive Manufacturing	MCMS200A MCMT460A	Apply competitive manufacturing practices Facilitate the use of planning software systems in man.
Plan. & Analysis	BSBFLM305B	Support operational plan
GROUP D (Elective Units)		
<p>This group includes other units of competency from FPI05and/or other nationally endorsed Training Packages. Units selected must be aligned to Certificate II, III or IV outcomes. These units must be relevant to work undertaken in the Timber Manufactured Products sector of the industry.</p>
