

Sample verbal questions

Below are some typical examples of the sorts of questions that an assessor might ask you while you're carrying out your practical demonstration. This particular set of questions relates to the unit of competency: *LMFFM3024A Set up, operate and maintain multi-head planing and moulding machines.*

1. What personal protective equipment do you need to wear?
2. What pre-start checks do you need to carry out on the machine, and why do you need to carry them out?
3. What is the purpose of the left side head?
4. What will you do with the downgraded material that comes out of the machine?
5. Which way will you put the bowed material into the machine?
6. What causes chattering on the top end of the material? How would you rectify the problem?
7. What is the lock-out procedure for this machine?
8. How would you report a fault that you can't fix yourself?
